

Michelle Sainte
Medical Education Advisor
Board of Advisors

Michelle Sainte joined the Mount Sinai School of Medicine community in 1990 and became Administrator of the Department of Medical Education in 1994. During her 16 years of leadership in the department she has been instrumental in enhancing the educational program, one of Mount Sinai's many missions. As Assistant Dean for Academic Administration, Michelle provides expertise and leadership during transitions and has maintained the integrity of the medical school environment, helping the Medical School rise to the greatest of heights. Her role in the curriculum reform process was pivotal for its success and implementation. She is well known for her creativity and mentorship and has guided scores of young men and women: staff, students, and faculty through difficult times. Michelle holds a BS in Organizational Management from Mercy College.
